## CASE DESCRIPTION / SUMMARY

### Facts :

The petitioner challenged penalty order dated 20.12.2020 and appellate order dated 17.09.2021 arising from detention of goods in transit.

The goods were detained solely on the allegation of undervaluation despite accompanying invoice, e-way bill, and proper documents.

The appellate authority affirmed the penalty on the same ground of undervaluation.

The petitioner relied on departmental circular stating that goods should not be detained merely on valuation disputes.

### Court Decision:

The Court held that undervaluation is not a valid ground for detention of goods under [Section 129](#) of the Act.

Where all documents are proper and there is no discrepancy, detention cannot be justified on valuation issues.

Issues of undervaluation must be examined through proceedings under [Sections 73](#) or [74](#) of the GST Act and not through detention proceedings.

Penalty imposed under [Section 129](#) on mere suspicion of undervaluation was held unsustainable and set aside.

The impugned orders were quashed and consequential relief including refund was directed.
